

# WE'RE ON THE BAND APP!

Hi all,

We're excited to announce that this year the Bangor Bands will be using BAND to communicate. This will help us stay on the same page and not have to deal with emails and texts cluttering our inboxes.

## What is BAND?

BAND is a free group communication app that helps organize teams. We'll be able to communicate privately and share files, videos, photos all in one place.

## How We're Going to Use It

We'll share EVERYTHING related to band at BAHS. That includes announcements, schedules, last minute changes, files, photos/videos and so on.

All group information will be at your finger tips so you won't have to rely on me or anyone else for information. Not sure about something? Check the BAND first.

## Your Responsibility

BAND is an interactive space. Leave comments of what you think and ask questions. Voice your opinion through Poll. Sign up for tasks. RSVP to let us know you're attending. Create a private chat with me/others if needed.

**We ask that you turn on the app notifications so that you can stay up to date and respond to my posts as soon as possible.**

**Every student and parent in the Bangor Bands MUST have access to the band.** The app is preferable, but computer access is available at [www.band.us](http://www.band.us)

We will have one BAND specifically for parents. Students will be in a BAND group for each ensemble they participate in.

PARENTS: USE THIS LINK

[band.us/@bahsbandparents2021](http://band.us/@bahsbandparents2021)

Codes for student BAND groups will be available at the first rehearsal of each ensemble.
